

“Urban Removal” Continues

While poor and middle income people go without services and decent housing, our tax dollars are being spent to “RENEW” Newark for upper income people. All around us our neighborhoods are being destroyed to make way for real estate speculation.

**Over \$100 million in Federal Money
has come into Newark...
Have YOU seen any of it?**

Join people from across Newark to DEMAND a PEOPLE's PROGRAM for spending millions of dollars that are coming into Newark in 1981.

BECAUSE COMMUNITY DEVELOPMENT MONEY HAS NOT BEEN REACHING US, WE CALL FOR:

A low-interest home repair loan program; more money for day care; improved maintenance and security in housing projects; revision of the Neighborhood Improvement Program; community control over demolition; more code enforcement; and establishment of a tenants resource center. HELP SUPPORT THESE AND OTHER PROPOSALS

**Add your voice to your neighbors
And demand changes!**
